

AutoQuoter

powered by QuotePro

KEY FEATURES

AutoQuoter Cashiering Kiosks for dealerships offer the safety, security and reliability of a traditional bank ATM. Our kiosks make paying bills easy!

Customers may pay by cash, card or check. Some models make change to the dollar or even to the penny.

Our kiosks double as ATMs, so payments to vendors and customer refunds may also be paid in cash.

Optional video chat enables instant connection to a customer service representative.

Indoor and outdoor models are ADA compliant and offer custom multilingual interfaces to accommodate all users.
